

Anglo-Dutch Innovation Seminar and Matchmaking on Electric, Connected & Autonomous Vehicles (17th & 18th May 2018, Helmond, the Netherlands)

Expression of Interest Questionnaire

Please return to Rebecca.vanleeuwen@rvo.nl before 5pm on Monday 16th April 2018

Name of Company or Research Institution:

Contact Name:

Telephone Number:

Email Address:

To assess your suitability to join the visit and make sure we are able to meet your needs, we'd appreciate more details of your experience and specific areas of interest before accepting your application.

Which of the following topics would be of most interest to your organisation? (Please tick all that are appropriate):

Horizon 2020 Topics

- a) Human centred design for the new driver role in highly automated vehicles
- b) Developing and testing shared, connected and cooperative automated vehicle fleets in urban areas for the mobility of all
- c) Efficient and safe connected and automated heavy-duty vehicles in real logistics operations
- d) Large-scale, cross-border demonstration of highly automated driving functions for passenger cars
- e) User centric charging infrastructure
- f) Low-emissions propulsion for long-distance trucks and coaches
- g) Urban mobility and sustainable electrification in large urban areas in developing and emerging economies
- h) Research and innovation for next generation Li-ion cells
- i) Li-ion Cell Materials & Transport Modelling
- j) Network of Li-ion cell pilot lines
- k) Next generation and realisation of battery packs for BEV and HEV
- l) Advanced light materials and their production processes for automotive applications
- m) Reducing the environmental impact of hybrid light duty vehicles
- n) Next generation electrified vehicles for urban use

Other Topics

- o) Smart charging, smart grids and/or V2G applications
- p) Interoperability, standards and protocols
- q) New and flexible production methods (incl. robotics and 3D-printing)
- r) Thin film electronics to integrate in the body of the car and its interior (e.g. integrated oled lighting, dashboard functionalities, solar roof)
- s) Other (please specify)

Would your organisation be prepared to coordinate a research project in one of these topics?

Are you familiar with Horizon 2020 as a mechanism to collaborate on research, development and innovation projects? If yes, please give more details:

Are you already aware of organisations in UK or Netherlands that you would like to meet with to discuss potential collaboration and if so who are they?
